Russell, the four-year-old son of Mr. and Mrs. W. Ross, who was operated on in the Strathcona hospital about a month ago for a ruptured appendix, has improved considerably and is now in a nursing home in Edmonton.

Mrs. Walter Heagle, sr., who has been attending her late husband through his illness is expected in Mirror shortly, where she will reside.

BORN. — In Mirror, Alberta, on Sunday, October 19th, 1915, to Mr. and Mrs. J. H. Duitman, a daughter.

Miss M. Steers. of Bashaw, was in town on Wednesday.

L. C. Jessome, who has been working on the Alix Free Press all summer, had the misfortune to injure his right knee last Tuesday afternoon. He jumped from a rig in Alix, the horses having become fractious, and in some manner wrenched the knee and has since been confined to bed at the Imperial hotel, Mirror.

Breezes From South Buffalo Lake

We recorded last week the speedy trip made by Dr. Shore to attend Mary Fell. We forgot to record that, as the child was taken ill away from home, her father was called by phone also. Report says that the young crop-eaten grey mare hit the pace put in the shade, John Gilpin's celebrated ride.

Wallace Jueck is building an up-to-date power and grinding house. We understand that the place have room for the installation of an electric light plant in the future.

Another auto was added to the neighborhood last week when Wallace Jueck purchased a Ford car. It will soon be in order for someone to purchase an airplane; that is all that this locality looks now to bring up to date.

We are sorry to report that Grandma Sorum has not been well at all for quite a while, but are glad to state that she is reported as being on the mend again; we all hope it will continue so.

The recent issues of THE JOURNAL with ye olde editor at the helm are decidedly welcome. Your many subscribers, Mr. Editor, hope you will continue to steer the ship in the future; otherwise we will have to write for Dick Johnston or Corbett, or some other feather-weight champion to come and interview you. (Help! Assistance!) Martin Sorum went on Monday the 18th inst., to the Red Deer hospital to undergo an operation for appendicitis. His many friends and acquaintances will be pleased to hear that the operation was successfully performed, and that Mr. Sorum came through it well.

Messrs. Hilmer and Imer Sorum, with their hounds, accounted for an old chicken-rusling coyote early in the week. Mr. Coyote had little chance with those 'dogs'. —Nemo.

Recently the largest bunch of sheep to arrive in any single town in Alberta, reached Cartstairs, comprising a whole train load of 17 cars; in the bunch were 3132 ewes, 78 rams and 150 wethers.

A Lacombe Woolgrowers' Association first-annual sale 100 rams were offered. The average price of the pure breeds was good, running up to \$29.70 per head, while the grades averaged \$13 per head. A. W. Sharp got top price with \$54.

The vote on church union between the Presbyterian and Methodist churches at Camrose has not resulted favorably to union. There was quite a majority in favor of union, but it was felt necessary to have a practically unanimous vote.

Three ship loads of bacon consigned from the United States to Denmark have been seized by the British authorities.

St. Monica's Church

The Harvest Thanksgiving will be held on Sunday, October 24th, at 3:30 p.m. It is hoped that all members of the church will make a special effort to be present. The people of Alberta have much for which to thank God in this year of 1915. Offerings for decorations should be left in the church on Friday. The ladies will meet on Saturday afternoon to decorate. The collection will be given to the Home Mission Fund of the Diocese.

The clergy of the Archdeaconry of Red Deer spent a very helpful week in Red Deer from

October 11th-15th. The Bishop of the Diocese was present and gave an address on the results of the General Synod in Toronto. Canon Stockton conducted the "quiet" day on Wednesday. The success of the meeting was in a large extent due to the excellent arrangements and kindness of Archdeacon and Mrs. Dewdney.

A man at Vonda, Sask., was fined \$10 for using a cancelled postage stamp.

Bawlf citizens have decided to build a hockey and skating rink on lots donated by G. P. Smith, M. P. P. The rink will be 80x180 feet in size, surrounded by a seven-foot fence and have a waiting room 20x34 feet.

Last week the price of potatoes in Toronto was 85¢ and 95¢ a bag. In the West they have been selling for around 25¢ a bushel. A big difference.

A scientist has discovered that the hobble skirt was the vogue in the time of Moses. This may explain why it took the Israelites so long to cross the desert.

A schoolgirl was required to write an essay of 250 words about an automobile. She submitted the following: "My uncle bought an automobile. He was riding in the country when it started going up hill. I guess this is about fifty words. The other two hundred are what my uncle said when he was walking back to town, but I didn't write them down."

OBIT.

In last week's issue we mentioned the death of Walter Heagle, sr., who passed away on Oct. 7th, at Rochester, N.Y., in his 53rd year. The late Mr. Heagle was born at Sterling, Ont. Thirty-two years ago he moved from Campbellford, Ont.; he resided at Virginia, Minn., for 12 years, moving from there to Cando, Sask., about two years ago, and coming to Mirror in July, 1914. During the past summer he suffered considerably and in August last decided to visit the hospital at Rochester, Minn. His complaint was diagnosed as cancer of the stomach and small hopes for his ultimate recovery were held out. A visit was also made to specialists in New York, but it was found impossible to do anything to relieve the trouble. Besides his sorrowing partner there are left to mourn, six sons and two daughters, to whom sympathy is extended. They are: Ernie E., Everett E., and Misses Jennie and Irene of Mirror; Harry A., Fred A., and Frank J. of Cando, Sask., and Walter D., of Duluth, Minn. The deceased was a member of several fraternal societies and an adherent of the Presbyterian Church. Interment was made at the old home in Campbellford. The late Mr. Heagle was of a quiet and retiring disposition, and all who were favored with his acquaintance held him in the highest esteem.

The Rexall and Nyal Remedies

These Two Lines of Remedies Are Considered to be the Best Manufactured in America :

THE REXALL Factories are owned by the Rexall Stores, the Nyal Factories partially so. In this way there is no wholesale or middleman profits, giving the consumer the full value of money spent. The Rexall and Nyal Remedies are manufactured in scientific laboratories by expert chemists and are sold at the one most honest and reliable drug store in the community. Do not confound these remedies with the just sold by others, who know nothing of Chemistry, Drugs or the mixtures they sell. There is a Rexall or Nyal Remedy for almost every human ailment. If its Headache, Cold, LaGrippe, Indigestion, Dyspepsia, Diarrhoea, Skin Troubles, or any of the numerous ailments, there is a remedy for it at a moderate price. When not feeling fit just get the remedy suited to your condition and save yourself exorbitant and useless doctor bills.

THE NAME DeLaval ON YOUR

Cream Separator means a great deal to you. It means that you have more milk. It means that it will get every nickel's worth of cream out of your milk, and will do it for years without causing you any annoyance or expense. It will work for you twice a day the year round and never kick. The price of DeLaval Separators will be advanced November 1st, next. If you need a Separator think this over and buy a DeLaval this month.

From the Front

A member of this 5th Scottish Rifles, writing home says:—“Since writing last we have come through a lot of changes. After leaving our old trenches we marched to a small town called —, and went up to the trenches there for two periods of six days in six out. The trenches there were very hastily constructed affairs, but we soon made a difference, and before we were done there the parapet was about 12 feet thick. We had a regiment of Indian infantry on our left, and they were dashing devils. After leaving those trenches we walked to a little village called —, and stayed there in an awfully smelly barn. The cause of the smell was a healthy young pig which was penned off in one corner of the room.”

“Leaving — after a few days, we again got on the trek, and on the road between — and — were inspected by Lord Kitchener, who is a fine looking man. He was standing at the roadside, and was looking at us so intently that I don’t think he missed one man out of the whole lot. Then we were in the trenches at — for two days, during which we were in the front line, but fortunately it was very quiet here, owing, I think, to the rain, which was very heavy at times. There

is a divisional brass band in — made up of men from a lot of different regiments. We made the acquaintance of this band here when we marched past Lord Kitchener. Then we saw the next day when it played out the Brigade of Guards, whom we had relieved. Just before the band turned back to leave them, it played Auld Lang Syne.

The band plays nearly every night in the theatre, which is a big building. Different regiments hold concerts on certain nights of the week, and the band and pictures are on the other nights. The pictures are run by the A.S.C. We ran a concert there one night which was a great success, the band being picked by all the different regiments in the town. After staying in billets we went up to the trenches again. I was out in front with a party of the boys digging a sap one night for two hours, and I saw the most thrilling display of “fireworks” I have ever seen—hand and rifle grenades, bombs, shells, &c., the whole time. The Huns also put over several aerial torpedoes, which are terrible things, but our boys usually silenced them with a huge trench mortar.”

The above was taken from the Glasgow News, of the 17th ult., and was written by Corp. W. C. Carmichael, a brother of P. M. Carmichael, of Mirror.

TOURIST CAR SERVICE BETWEEN CALGARY AND TORONTO

The Grand Trunk Pacific Railway, effective October 3rd, will inaugurate through tourist car service in connection with the New Transcontinental, All Canadian Route, between Calgary, and Toronto and Saskatoon the following day.

Westbound these cars will leave Toronto Tuesdays, Thursdays and Saturdays, and Winnipeg Mondays, Thursdays and Fridays, and Sundays and Tuesdays, and Edmonton and Saskatoon the following day.

Eastbound these cars will leave Toronto Tuesdays, Thursdays and Saturdays, and Winnipeg Mondays, Thursdays and Fridays, and Sundays and Tuesdays, and Edmonton and Saskatoon the following day.

Collars, Shirts, Family washing, First class work guaranteed.

SUITS CLEANED AND PRESED PRICES REASONABLE

tourist cars are without a doubt the most complete and comfortable of any Railway operating on the North American Continent. They have all the latest improvements which may be found in standard first class sleepers, such as electric lights in upper and lower berths, smoking compartments, ladies dressing room, large range so that the tourist may prepare meals if desired. In fact the only difference between standard sleeping car and a tourist sleeper is, the former has plush upholstered seats, whereas

leather is used in the latter. This service will appeal to those contemplating a visit to the East this coming winter or around Christmas, at which time it is expected special rates will be in effect and should also prove to be very popular on account of the service being performed over a route that has just recently been opened, and which in every way compares more than favorably with roads that have been in existence much longer than the New Transcontinental all Canadian route.
